00:31:16 Pamela Mery: Thanks, Rick.

00:31:19 Pamela Mery: Pam Mery, CCSf

00:37:36 Mitch Leahy: Can there be a disclaimer on CCCApply about browsers that don't work?

00:39:45 Michael Ward: Major web browsers supported should be:

- * Google Chrome
- * Mozilla Firefox
- * Microsoft Edge
- * Apple Safari (on a Mac)

as well as the above as Apps on mobile devices

00:42:26 Pankaj Mathur: did we test recovering old account?

00:43:54 Mitch Leahy: We could just list the recommended browsers. Are we doing that?

00:44:12 Mike Caruso: to be clear, we did test recovering accounts created in openccc 2.0, but recovering legacy accounts will be available soon

00:44:16 Michael Ward: I agree with Mitch above.

00:45:26 Michael Ward: Or maybe have a link to "System Requirements" or "Recommended System Requirements" to use CCCApply.

00:54:46 Craig Hayward: Glad to see dual enrollment requirements on the "to do" list. Thanks!

00:59:10 Craig Hayward: When do you expect to graduate from high school?

01:04:05 Michael Ward: Might be nice to see if the student is an Apprenticeship type of student, Criminal Justice Academy (law enforcement), Fire Technology Academy, etc. Maybe be able to have it customizable for student type

6.10.21 CCCApply User Group Meeting - Chat

in case colleges have special programs like certain vocational programs, Adult Ed, etc.

01:06:58 Michael Ward: It would be nice to have as much as possible asked on the CCCApply app to match what is asked for MIS reporting. The drawback is that it does make the online application longer to complete for students.

01:13:21 Mike Caruso: accurate residency determination would be a minimal viable product for apply, there, is no way we could deliver a new version of the product without verifying that that is functioning
