Steering Sub-Committee for the International Application Are you interested in serving on a sub-committee dedicated to reviewing legal policies and processes and gathering requirements to improve and enhance the CCCApply International Application? NOTE: This special International sub-committee would meet online several times between April 24 - June 15, 2017 - to confirm requirements and stories that can be implemented and released in our current application ASAP. There are small changes we can make now for the September 2017 release. (This committee would also determine the meeting schedule for gathering functional and technical requirements and User stories for the next version of the International application over the next eight months (between May 1 - December 31, 2017).

Value		Percent	Responses
Yes - I'd like to be involved in the International sub-committee 2017		50.0%	2
No - I am not interested at this time		25.0%	1
No - Not interested but I have a colleague who is interested.		25.0%	1
			Total: 4

Join the International Application Steering Sub-Committee. NOTE: Limited to college staff who are using or planning to use the International Application.

What type of application process are you using now for international students? Please describe in the box below. (For example: We are using a paper application and then manually entering the data into our SIS system, etc.)

Count Response

1	Paper app--Patty, it's Robin Armour. I'm going to volunteer a colleague but I haven't told her yet, so I will let you know once I do!
1	We are using a paper application. I was VERY disappointed in the session. We never actually got to the application that was specific to international students. I highly suggest a work group get created for the next rendition of the International Application to coordinate efforts for all colleges. Seems a shame that only 3 use it currently out of 113 college.
1	paper
1	paper application
1	regular application.

Count Response

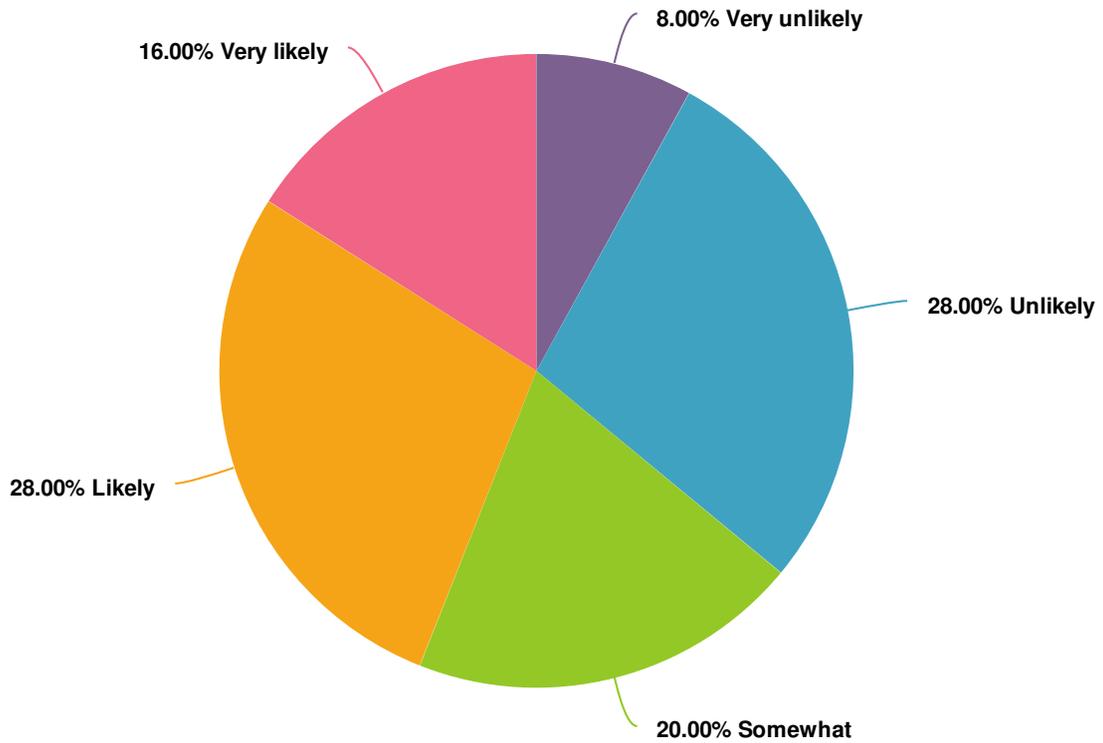

1	Every thing was awesome specially the food. Thank you Sac!
1	Having direct contact with California Community Colleges Tech Center representatives.
1	I absolutely enjoyed the Algorithm. It was so informative and it helped me understand how residency was calculated.
1	I like the variety of topics.
1	It's been a huge eye opener for me. Loved everything about the initiatives, staff and CCCTC organization overall
1	Location is great, attendance is great, participation is great. Next year I hope we can include tracks for downstream products, such as Careers, Ed Planning, Early Alert, Assessment, Online tools, etc :)
1	Meeting other people who were using the apps and finding out I am not the only one who feels a certain way about aspects of the apps and I also liked being able to give direct input on modifications to the apps
1	Overall, it was a good event.
1	The event was informative and allowed me to connect with key project leaders who will be able to assist me and my college in our transition to CCCApply. I feel better informed about all of the statewide technology initiatives as a result of this event.
1	The sessions and Keynote speakers were very informative.
1	The sessions were great. Great job Patty and team.
1	The workshops were great. I only attended the second day, as e-transcripts were our interest.
1	This had great information. I came back with a lot
1	breakout sessions - residency algorithm
1	location
1	the variety of options

What did you like least about this event?

Count	Response
1	All great.
1	Everything was great.
1	I think a better Social Media coverage would've been nice. Events like this typically have several hashtags that attendees and general audience follows on T witter and other channels. Polls are also very helpful when conducted before and/or after the sessions. Content is still in people's minds and feedback might be more useful
1	I wish the presenters had hands out of the slide show.
1	N/A
1	Nothing
1	The distance away from my home campus
1	The food.
1	The lunch was pretty bland, dessert was great.
1	The lunch was very bad on the first day.
1	We really need a different type of residency training - need more information on documents and changes that have happened there. Also, a way to easily correct those who just put in bad data (ie - wrong state with their address)
1	distance
1	very disorganized. Speakers did not keep to topics and did not answer questions.

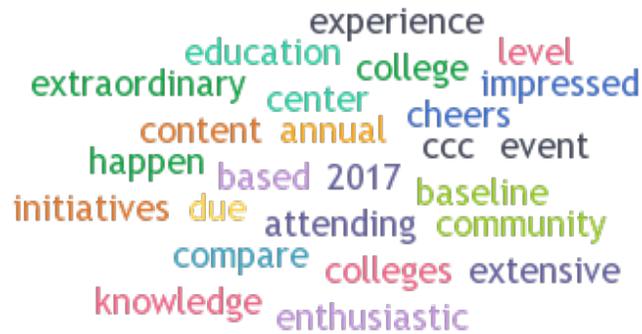

Each year we rotate the location of this event between Northern California and Southern California. Next year it will be in Southern California. How likely are you to attend this event next year?

Value		Percent	Responses
Very unlikely		8.0%	2
Unlikely		28.0%	7
Somewhat		20.0%	5
Likely		28.0%	7
Very likely		16.0%	4

Total: 25

Count Response

1	Super impressed with all the initiatives taking place at CCC Technology Center. 2017 Annual Workshop was my first time attending, so I don't have a baseline to compare, but based on my extensive experience in Education and IT , the level of knowledge, forward thinking and vision was truly extraordinary. Special thanks to all presenters, organizers and all those working behind the scenes who help to make things happen!
1	This event reflects the needs of the Community Colleges due to the organic content and enthusiastic participation of the college community. Three cheers!

Thanks for the feedback. Please fill in your contact information below.
