

CALIFORNIA COMMUNITY COLLEGES

In 2008, we had a plan...

...to meet Today's need.

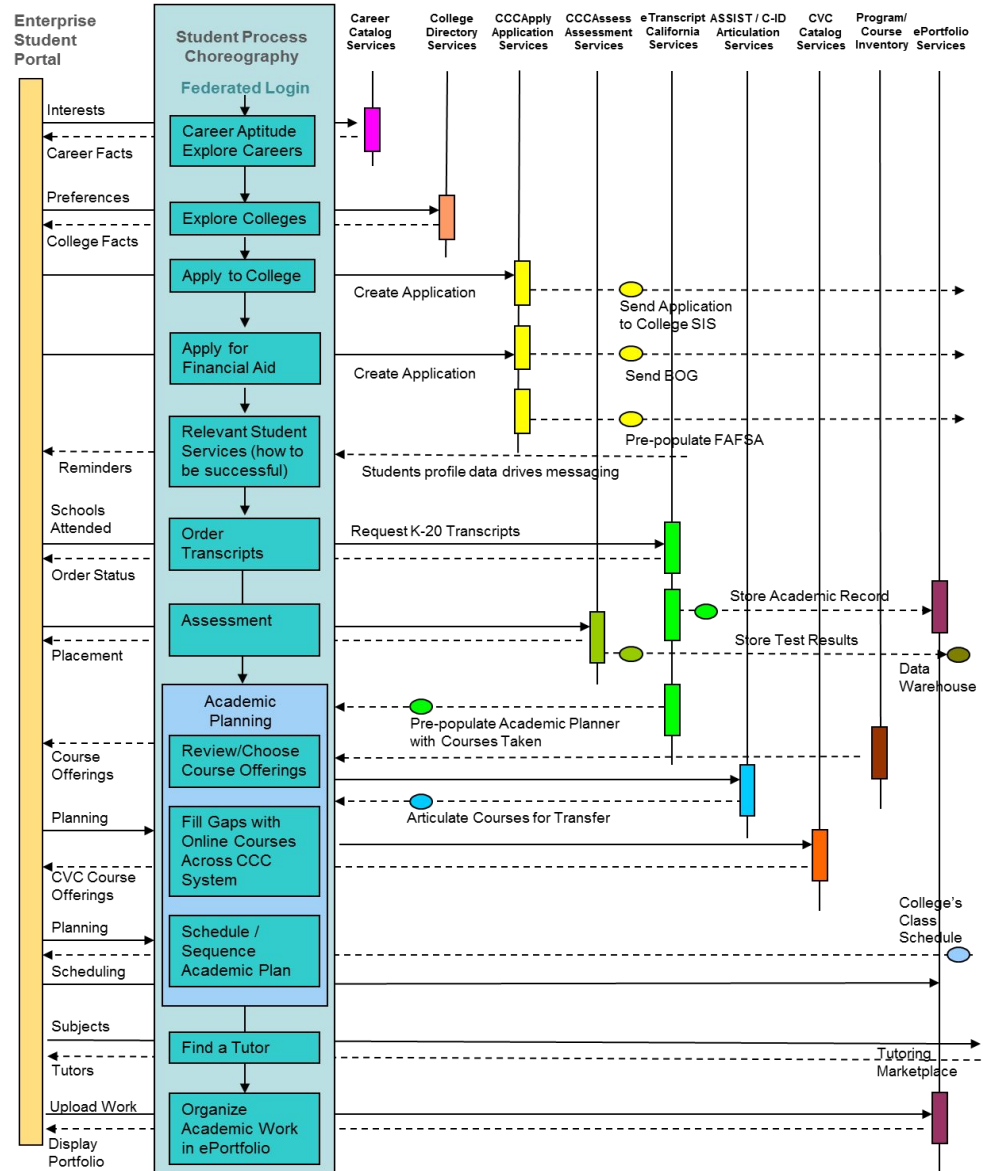

Clarify the path.

Help students choose and enter a pathway.

Help students stay on the path.

Ensure that students are learning.

Electronics Engineering Technicians

Overview About Wages Employment

\$65,124

Median Salary

New workers start around \$40,246. Normal pay is \$65,124 per year. Highly experienced workers can earn up to \$97,733.

5,740

Job postings in the last six months

In the last six months companies have posted 5,740 jobs for this career.

Selected Region

California

Notice!

The Bureau of Labor Statistics does not report growth and retirement data granular enough to pinpoint career specializations like Electronics Engineering Technicians. Data from the "parent" classification - Electrical and Electronics Engineering Technicians - has been substituted. As a result, this pay data does not reflect any special compensation that an Electronics Engineering Technicians might receive.

Available Programs

Structured Pathway Personalized Messaging
