

# CaliforniaColleges.edu and CCCApply

Ben Baird, Director of Data Management, CCGI

March 28, 2018

**California College**  
Guidance Initiative

**CALIFORNIA  
COLLEGES.edu**  
DISCOVER. PLAN. LAUNCH.

# What are we going to cover this hour?

- What is the California Colleges Guidance Initiative?
- (super) Brief tour of [CaliforniaColleges.edu](https://CaliforniaColleges.edu)
- Review integration between [CaliforniaColleges.edu](https://CaliforniaColleges.edu) and CCCApply
  - Review current functionality for students and K-12 educators
  - Next steps – PESC XML High School Transcript to support
    - AB 705 implementation
    - Education planning
    - ...other college efforts?
- Aligning effort – CCC/CSU/CCGI Central Valley Pilot
- Data security
- Questions?

Who?

# What is the California College Guidance Initiative?

- **CCGI** provides a data and planning infrastructure that helps increase postsecondary preparation and attainment for students in California.
- **Our Objectives:**
  1. All high school seniors graduate with clear postsecondary goals and a plan for how to achieve them.
  2. Students' academic transcript data follows them as they advance across educational systems to reduce information gaps that could otherwise hinder their success.
- **Our Tools:**
  - [CaliforniaColleges.edu](https://www.californiacolleges.edu)
  - Data Team and Data Standards
  - Implementation Support Team

# Approach

## - Our Approach:

1. Manage the State of California's college and career planning platform, [CaliforniaColleges.edu](https://www.calcolleges.edu) and its embedded 6<sup>th</sup>-12<sup>th</sup> grade curriculum.
2. When appropriate, utilize [CaliforniaColleges.edu](https://www.calcolleges.edu) as hub which facilitates the reliable matching of unique student identifiers and the transmission of students' transcript records between K-12 districts and the California Community Colleges, the California State University System, the California Student Aid Commission, and the Free Application for Federal Student Aid.
3. Increase the capacity of K-12 school districts to make college and career planning a systematic part of all 6<sup>th</sup>-12<sup>th</sup> grade students' education.

# Governance

1. The Foundation for California Community Colleges (FCCC) provides the fiscal and legal home for CCGI.
2. An inter-segmental advisory committee includes campus and community-based college guidance practitioners as well as admissions and student services professionals from the higher education system offices (CSU, CCC, UC and independent colleges and universities).

16 Standards

No College Planning

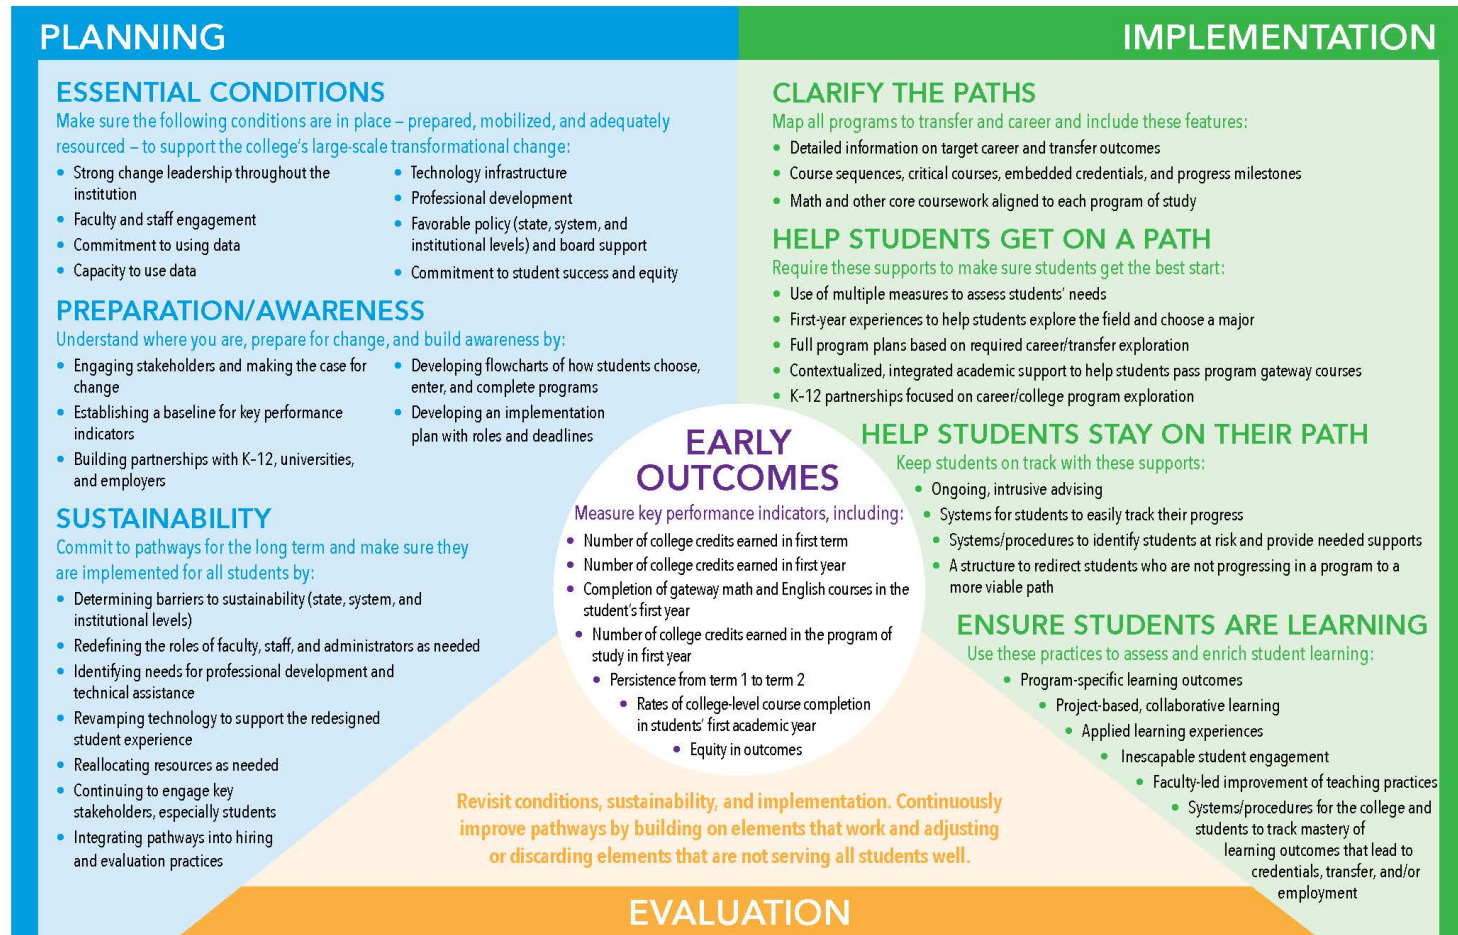

# In alignment with guided pathways

## Guided Pathways: Planning, Implementation, Evaluation

Creating guided pathways requires managing and sustaining large-scale transformational change. The work begins with thorough planning, continues through consistent implementation, and depends on ongoing evaluation. **The goals are to improve rates of college completion, transfer, and attainment of jobs with value in the labor market — and to achieve equity in those outcomes.**

Contributors to this model for Guided Pathways are: American Association of Community Colleges (AACCC), Achieving the Dream (ATD), The Aspen Institute, Center for Community College Student Engagement (CCCSE), Community College Research Center (CCRC), Complete College America, The Charles A. Dana Center, Jobs for the Future (JFF), National Center for Inquiry and Improvement (NCII), and Public Agenda.

FEB. 17

# Two Use Scenarios

## All California K-12 Students

---

- Access to college and career planning tools a
- Access to academic planner using CMP course data
- General regional training and user support
- Account can connect to CCCApply and CalState.edu/Apply

## Students in data-informed partner districts

---

- Data-informed academic planning tools
- CSU/UC eligibility tools to inform increased “a-g” completion rates
- Pre-verified data can inform application to CSUs and CCCs
- Data match pilot with California Student Aid Commission
- Intensive, customized consultation and user support

# Foundation of Partnership

## California College Guidance Initiative

---

- Local Implementation Team
- Data Analysts

### District

---

- CCGI Lead
- District Data Team or Lead
- School Site Leads
- Counselors
- Principals
- APs
- Teachers

### Strategy

---

- Full immersion across counseling and instructional time

## Leadership Teams

---

- Cross-functional group of district educators, whose **purpose is to guide the CCGI implementation process**
- Speaks to various district perspectives and priorities and collectively **make decisions** about the CCGI partnership
- Develop and execute district's **multi-year plan**
- Track metrics
- Conduct **ongoing evaluation** of district's capacity

**CaliforniaColleges.edu tour (brief)**

# History of CaliforniaColleges.edu

- Established in 1998 through an inter-segmental budget proposal by the California Community Colleges, California State Universities, University of California, California Department of Education and the Association of Independent California Colleges and Universities with the purpose of providing:
  - 1) A common front door to higher education in California, and
  - 2) An electronic transcript platform
- CCGI assumed management in July of 2013
- Rebuilt from scratch in 2017 based on user feedback

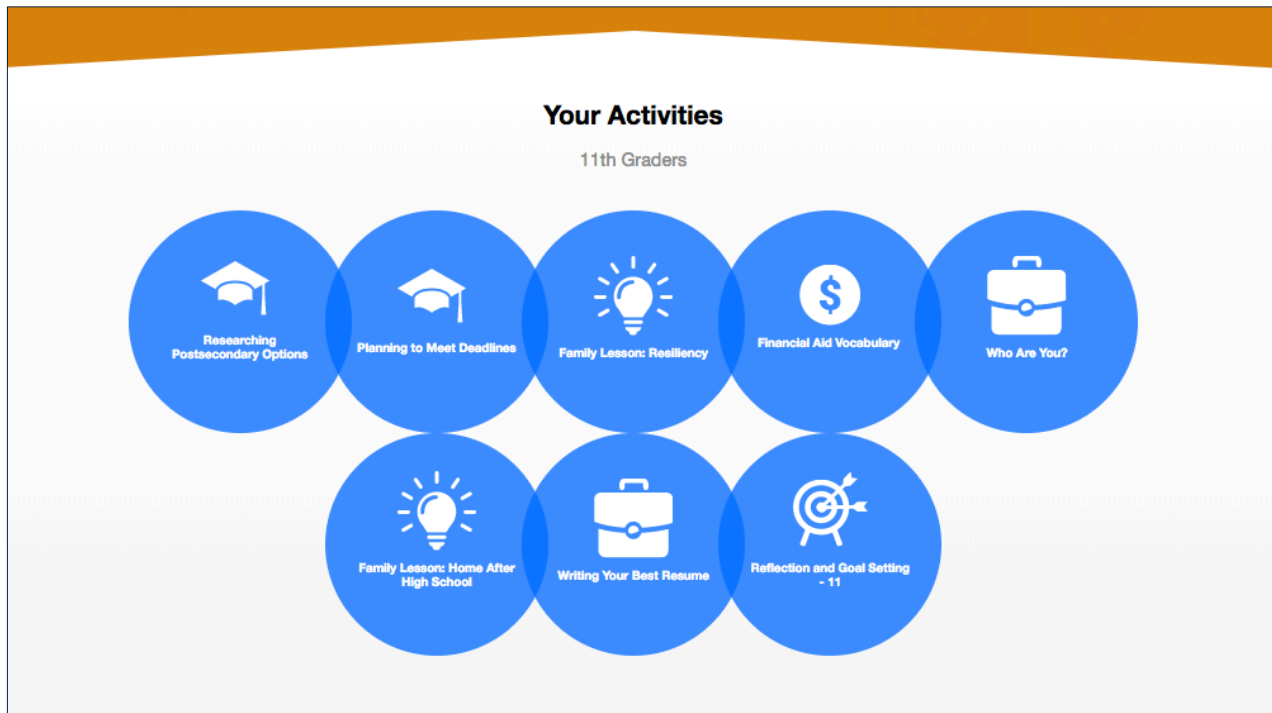

The embedded 6<sup>th</sup>-12<sup>th</sup> grade curriculum guides students through a series of developmentally appropriate college and career planning activities so they can:

- Discover their path
- Plan their future
- Launch their plan

# Curriculum

- Students sign in and find a **customized home page** for their grade level.
- They click on any of the **blue bubbles** to access the embedded curriculum and get started.

The curriculum has **associated lesson plans** that educators can use during instructional time and counseling interventions.

California College  
Guidance Initiative

## Researching Postsecondary Options: Grade 11 (11.1)

Goal: Students explore their postsecondary options and examine how college fits into their future.

### Lesson Time Options

This lesson requires one 45-60 minute class period and is recommended to be completed as preparation for 11.2.

### Student Materials

This lesson plan is part of the default **Activities by Grade Level**. The corresponding student My Task for this lesson is called **Researching Postsecondary Options**. For more information, refer to **Downloading and Uploading Documents to CaliforniaColleges.edu** on CCGI Knowledge from your Educator Dashboard.

### In This Packet

This packet includes everything you need to complete the lesson.

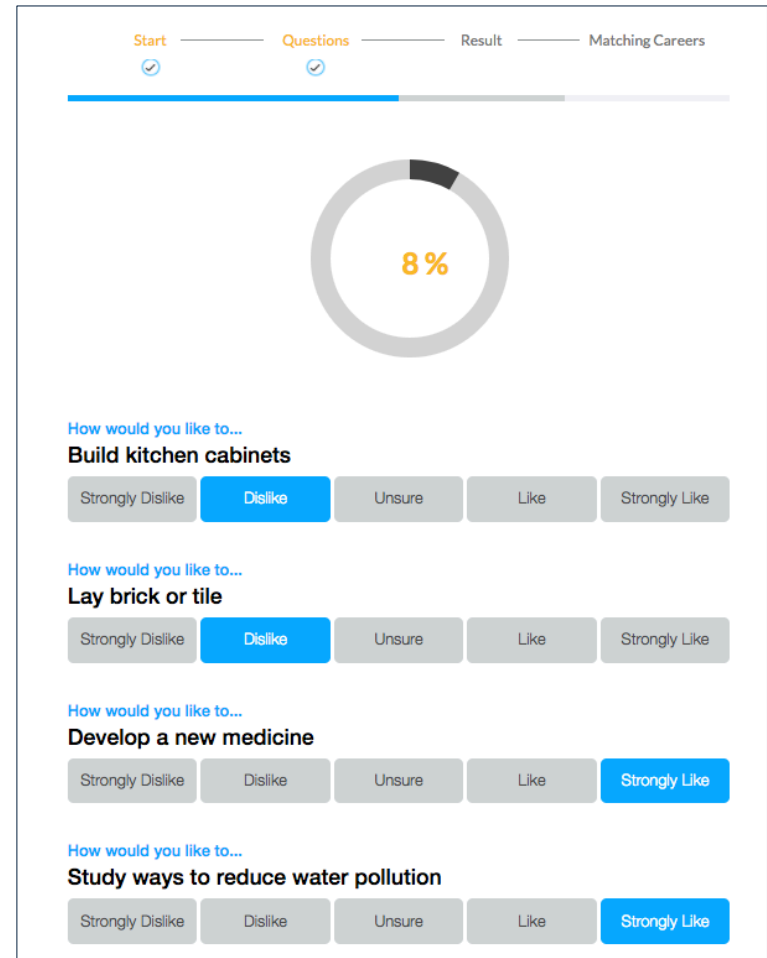

- Student Worksheet
- Educator Guide
- Appendix: Learning Extension

# Career Assessments

Career assessments help students connect their personal preferences, interests, and skills to their career goals.

- Interest Profiler  
(All Students)
- Learning Styles Inventory  
(Middle School Students)
- Multiple Intelligences  
(High School Students)
- Do What You Are  
(High School Students)

# Career Search Tool

Students can use the **Career Search Tool** to explore careers that match their preferences.

### Career Search Tool

Explore careers that match your interests. Find careers by using the keyword search or the Industry and Bright Outlook filters.

**Results** 166

Compare	Career	Education Level	Salary	Bright Outlook	Favorites
<input type="checkbox"/>	Acute Care Nurses	Associate's Degree Bachelor's Degree Master's Degree	\$ 68,450	Grow Rapidly New & Emerging Openings	<input checked="" type="checkbox"/>
<input type="checkbox"/>	Advanced Practice Psychiatric Nurses	Master's Degree Post-Master's Certificate First Professional Degree	\$ 68,450	Grow Rapidly New & Emerging Openings	<input type="checkbox"/>

# Major Search Tool

Students can use the **Major Search Tool** to explore majors or programs of study related to their interests, and then see which colleges offer those majors.

### Major Search Tool

Use this tool to search for programs and majors that interest you. You can view a list of colleges that offer the program or major by clicking "View Colleges".

Results 14

Majors	Description	Find Colleges Offering this Majors	Favorite
Business Administration and Management, General	A program that generally prepares individuals to plan, organize, direct, and control the functions and processes of a firm or organization. Includes instruction in management theory, human resources management and behavior, accounting and other quantitative methods, purchasing and logistics, organization and production, marketing, and business decision-making.	<a href="#">View Colleges</a>	
Purchasing, Procurement/Acquisitions and Contracts Management	A program that prepares individuals to manage and/or administer the processes by which a firm or organization contracts for goods and services to support its operations, as well as contracts it to sell to other firms or organizations. Includes instruction in contract law, negotiations, buying procedures, government contracting, cost and price analysis, vendor relations, contract administration, auditing and inspection, relations with other firm departments, and applications to special areas such as high-technology systems, international purchasing, and construction.	<a href="#">View Colleges</a>	

# College Search Tool

Students can use the **College Search Tool** to research and compare colleges and find the best fit.

### College Search Tool

Find colleges in California and across the country based on what is important to you.

# My Plan

Students' college and career planning activity is saved in a personalized digital portfolio called **My Plan**.

### My Plan

Preparing for life after high school starts now. Use My Plan to organize your thoughts, track steps, and develop a clear plan for the future.

Academic Planner | **My College Plan** | My Career Plan | My Financial Aid Plan | My Goals | My Journals | My Experiences | My Documents

You will find all colleges and majors you ❤️ on the platform, here. Use My Plan to track your research around your favorite colleges and majors, document any college visits and interviews. To ensure you stay on track for your plans after high school, create college goals and reflect on your progress in your journal.

College List	College Visits, Presentations, & Interviews	College Applications	Major List	Test Scores	
Institution Name	Institution Type	Degree Type	Major	Match, Reach, or Safety	Edit/ Delete
Abraham Baldwin Agricultural College	4-Year			Match	 
Adams State University	4-Year				 
Adelphi University	4-Year				 

# Academic Planner

Students can use the **Academic Planner** to intentionally plan their high school coursework.

Academic Planner
My College Plan
My Career Plan
My Financial Aid Plan
My Goals
My Journal
My Experiences
My Documents

In the Academic Planner, add your completed courses, including the grades you received, as well as your enrolled and planned coursework.

**THINGS TO KNOW**

The Academic Planner is a place to keep track of your grades and also plan courses you will take in high school. Each year, revisit your Academic Planner to select courses for the following year. To add courses, all you need to do is click on the + sign of the appropriate subject area. To learn more about high school course requirements, click [here](#).

# Data-informed Functionality

While most functionality on CaliforniaColleges.edu is free to students and educators, there is sub-set of functionalities that can only be used if students have transcript data in their account.

This requires data sharing and fee agreements with CCGI

Data-informed Functionalities:

- CSU and UC Eligibility Tools
- Transcript data pushes to CCCs and CSUs to inform enrollment and placement

# CSU and UC Eligibility Tools

In partner districts, the **CSU** and **UC Eligibility Tools** allow students to quickly track their progress toward meeting “a-g” requirements.

Academic Planner
CSU Eligibility
UC Eligibility
Back to Academic Planner

3.11

**CSU GPA**

You are currently meeting the minimum GPA requirement of 2.0 or above. Your GPA reflects 10-12th completed “a-g” coursework submitted by your school district.

Courses that have UC Honors Approved under the title are approved as honors in the UC CMP database. Eligible courses receive an extra one point in the CSU GPA calculation.

Your CSU GPA is based on CSU guidelines. Learn more [here](#).

Transcript data most recently submitted on 11/29/2017

**Your Eligibility for CSU**

Based upon successful completion of coursework this term, for your grade level, you are missing the following number of “a-g” units: 1

You appear to not be making progress toward completing courses recommended for your grade level in the following subject areas: D

Plan to take the courses you are missing and complete those courses with a C- or better to be eligible for CSU.

**THINGS TO KNOW**

The CSU Eligibility Tool helps you track your progress toward meeting eligibility for CSU by listing required coursework on the far left and comparing it to your completed and enrolled coursework. To ensure you stay on track, use this tool to also plan for future courses that are offered at your school and help satisfy CSU requirements.

All of your coursework on the Eligibility Tool will be color-coded with each color representing something different so be sure to study the legend below carefully.

The University of California (UC) Course Management Portal (CMP) is a website where all your “a-g” courses are tracked by both the CSU and UC. Your school district enters courses into UC CMP. If you see a course in yellow on your CSU and UC Eligibility Tools, this means your school has labeled the course as “a-g”, but it is not listed in UC CMP. Talk with your counselor to learn more when you see courses in yellow.

To learn more about the CSU eligibility requirements, see [Prepare to Meet Eligibility Requirements for CSU](#).

Verified “a-g” course with a grade of C- or better

Verified “a-g” course with a grade of D or lower

Not a verified “a-g” course

Course listed as “a-g” by school, but not found in UC CMP database

# CSU and UC Eligibility Tools

Educators in Partner Districts can **run reports** to monitor student progress toward CSU and UC eligibility.

Select Report: How well are students progressing towards meeting CSU eligibility requirements? Need a different report? [SUBMIT A REQUEST](#)

Select Filters: All Select Gender Select Ethnicity Run Report  
Select Special Population Select Race Start Date: MM/DD/YYYY Reset Selections  
End Date: MM/DD/YYYY

Report: How well are students progressing towards meeting CSU eligibility requirements?  
Filters Selected: Grade: All, Course: All, Section: All, Gender: All, Ethnicity: All, Special Population: All, Race: All

Summary

Report Logic:

- Units are measured against University of California recommendations for grade level unit progress.
- Subject area calculations factor in the number of courses to be completed and the number of years a student has left in high school.
- GPA of 3.0 or better is indicated because it is both the baseline for eligibility for admission to the University of California, and the cutoff for "test-free" admission to the CSU.

The calculation of CSU eligibility is based on the information from the school district's most recent and accurate transcript file submission. If you have any questions please contact your CCGI District Lead.

CCGI Partner Senior High School	Total number of students	Percentage of students
On Target with Unit and Subject Area requirements and GPA for CSU $\geq$ 3.00	<u>50</u>	31.3%
On Target with Unit and Subject Area requirements and GPA for CSU $<$ 3.00	<u>4</u>	2.5%
Off Target due to Unit deficiency	<u>4</u>	2.5%

# Financial Aid Planning

Students have access to valuable information and tools to help them **make college affordable.**

The screenshot shows the California Colleges.edu website's Financial Aid section. The header includes the logo and navigation links for My Plan, College, Career, and Financial Aid. A search icon, chat bubble, menu, and user profile icon are also present. The main content area is divided into four columns: Financial Aid Options, Your Financial Aid Eligibility, Apply for Financial Aid, and After You Apply. A sidebar on the right contains Important Links, My Financial Goals & Journal, and Other Financial Aid Resources.

**CALIFORNIA COLLEGES.edu**

# My Tasks, Journals, Goals...

**My Tasks** is students' digital "to do" list for creating a college and career plan.

The screenshot shows the 'My Tasks' section of the California Colleges portal. At the top, there is a navigation bar with the California Colleges logo and the text 'CALIFORNIA COLLEGES .edu DISCOVER. PLAN. LAUNCH.' followed by menu items: 'My Plan', 'College', 'Career', and 'Financial Aid'. On the right side of the navigation bar are icons for search, chat, a menu, and a user profile. Below the navigation bar is a dark grey header for 'My Tasks' with the text: 'Stay on top of deadlines and activities to help plan for career, college and more. Read about tips for using your Task list [here](#).' To the right of this header is a blue decorative banner with a pattern of overlapping circles. Below the header is a table with three tabs: 'Your Activities' (selected), 'Current Tasks', and 'Looking Ahead'. To the right of the tabs is an 'Add Task' button and a printer icon. The table has four columns: 'Mark When Completed' (with a dropdown arrow), 'Task', 'Attachments' (with a download icon), and 'Grade'. The table contains four rows of tasks, all marked as completed with a checkmark in a yellow box.

Mark When Completed	Task	Attachments	Grade
✓	Family Lesson: Applying for Financial Aid	↓	12
✓	Reflection and Goal Setting - 12	↓	12
✓	College Essay	↓	12
✓	Solidifying the College List	↓	12

# CaliforniaColleges.edu and CCCApply Integration

# CCCApply Integration – Thank you

- First, only possible thanks to support from:
  - CCC Chancellor's Office
  - Foundation for California Community Colleges
  - CCCO Technology Center at Butte College
  - CCCApply Steering Committee
  - K-12 districts
  - CCC's

# California Community College

1. Students launch CCCApply from within account on CaliforniaColleges.edu
2. Current state
  - Hard match between SSID and CCCID
3. Future state
  - Academic, as well as career and educational planning data, will feed centrally to CCCApply/My Path
  - Data will flag foster youth (optional field), as well as students who are eligible for AB540 benefits

# California Community Colleges: Legal Agreements

## 1. Current state

- Agreement between CCCCO and Foundation for California Community Colleges (CCGI's fiscal and legal entity) governs ability to push data to CCCs for students who launch CCCApply from within their accounts on CaliforniaColleges.edu.
- If students do not use CaliforniaColleges.edu to launch their CCCApply applications a supplemental agreement must be in place with each college requesting data in order for them to share applicant information and request academic transcript data

## 2. Future state

- Expanded legal agreement between CCCCO and FCCC will govern the ability for:
  - CCGI to send academic and career/educational planning data centrally to CCCCO for the colleges to access via CCCApply/My Path, and
  - CCCCO to share enrollment, placement, persistence and completion data back to K12 districts via CaliforniaColleges.edu.
- Supplemental legal agreements with individual CCCs will be needed to:
  - obtain an "affiliate account" on CaliforniaColleges.edu in order to track student accounts prior to the point of application.
  - Request data for students who do not launch their CCCApply from within CaliforniaColleges.edu

# Support the transition to college

- Next, transcript data for those students who have completed such an application can later be securely transmitted to the college or directly to CCCO Tech Center
- Will be submitted as PESC XML
  - High School Transcript (version 1.5.0)
  - Academic Record (version 1.8.0)
  - CoreMain (version 1.13.0)

# Current state – Apply link option 1

# Central Valley Pilot

# Why a Region-wide Approach

- The California Community Colleges and California State University campuses across the state need “real time” data to support decision making about admissions/enrollment, placement and guidance. This includes:
  - High School Transcript Data
  - Educational Planning Data
- The two system offices are collaborating with the Central Valley Higher Education Consortium (CVHEC) and CCGI to promote a unified approach to college preparation and transition across the Central Valley.
- Proof of concept for statewide scaling

# What and Where

Waives the fees for the CCGI **Partnership Model** for all K12 districts across the nine county region:

- Fresno
- Kern
- Kings
- Madera
- Merced
- San Joaquin
- Stanislaus
- Tulare
- Tuolumne

The aim is to have coordinated efforts to promote this work among the 3 CSU and 14 CCC campuses in the region.

# When: 2018-2022

- June 2018: Campaign Launch
- 2018-2019:
  - Use of educational and career planning tools
  - Execute legal
  - Initial data uploads and cleansing
- 2019-2020:
  - Data-informed account usage
  - Use of data for placement in CCCs
  - Use of data for admissions and placement in CSUs
- 2020-21 and 2021-2022: Continued subsidy for K12 participation to allow time for full adoption

# Quotes in support of Central Valley effort

## **California Community College Chancellor Eloy Ortiz Oakley**

“The partnership taking place in the Central Valley represents a vital inter-segmental collaboration that will bolster the college-going culture in the region and pave the way for improved educational outcomes for students. Together the chancellor’s offices of the California Community Colleges and the California State University are investing in a unified approach to help students prepare for and successfully transition to college.”

## **California Community College Executive Vice Chancellor for Educational Services, Laura Hope**

“Our campuses are committed to using high school transcript data to ensure course placements that maximize each student’s opportunity to succeed. As we move towards defining clearer pathways for students to achieve their post-secondary goals, a key step is helping students to understand their academic and career options. The partnership taking place in the Central Valley is perfectly aligned with these commitments. Students throughout the region will use [CaliforniaColleges.edu](https://www.calcolleges.edu) and its embedded curriculum to engage in intentional college and career planning starting in the 6<sup>th</sup> grade. When students are ready to apply to college, not only will they have a well-informed plan in place, their complete and current transcript data will follow each student to support the college placement process.”
