bogfw_application_pkey PRIMARY KEY (app_id);

BOGFW Year Table

The bogfw_year table is a system-wide control table. It contains a row for each bogfw year with an indicator of which year(s) is active. The table contains the following fields:

1. year_code (sequential number incremented for each new bog year. Used to populate same field in the application table.)
2. year_start (The from year of the BOG year)
3. year_description_1 (Fall yyyy through Summer yyyy)
4. year_description_2 (Summer yyyy through Spring yyyy)
5. method_b_largest_household_size
6. method_b_income_increment
7. method_b_income_baseline
8. begin_date (first date this application can be used)
9. end_date (last date this application can be used. Null means no end date).
10. term_code (5 characters. Always contains the highest year of the description. Example, if year_description_1 is Fall 2015 through Summer 2016, the bog_term is "2016").

College Table

A new field will be added to the college table called academic_year. This field will contain a 1 or 2 meaning:

- 1 = Fall through Summer
- 2 = Summer through Spring

Method B Table

A new lookup table will be created for Method B. This is described in the section **Method B Flag, Algorithm, and Income Table.**

Auto-Population

The following fields of the BOGFW Application auto-populate from the applicant's OpenCCC account:

- CCCID
- Last Name, First Name, Middle Initial
- SSN
- SSN Last 4 digits
- Email Address
- Date of Birth
- Mainphone, extension and authorization for text
- Street address 1 and 2
- City
- State
- Postalcode

The app_id is automatically generated when the row is first inserted into the table.

The college_id is set from the college table based on the college the BOGFW is being sent to.

The mailing address fields can be populated from the account's permanent address fields in the same way as OpenCCCApply (i.e. – by clicking the box that indicates the addresses are the same).

Address verification for mailing addresses will be the same as in the OpenCCCApply Standard application.

Data Element Definitions

AppID

Data Name: app_id

Description: Unique identifier for the BOGFW application.

2015 - 2016 BOG Fee Waiver Application

Marital Status

Data Name: marital_status

Description: Applicant's marital status as stated for BOGFW Application

Last Revision: April 17, 2005

MIS Correlation: None

Data Type/Format: Char(1)

Length: 1

Characteristics: Downloadable
Does not auto-populate

Input Rules: Required user response; else error message, "You must select your marital status."

Must be consistent with response to question, "As of today, are you married or in a Registered Domestic Partnership"; else error message, "Your answers to 'Marital status' and 'As of today, are you married or in a Registered Domestic Partnership' are contradictory. Please fix the appropriate field(s)."

Usage:

Notes/Constraints: Marital Status is highly sensitive information, protected by federal law and the Office of Civil Rights. Any change to the text, prompt, access, or transmission of this data item must be approved by the Legal Counsel of the CCC Chancellor's Office and the Office of Civil Rights.

This information may not be provided to staff in the capacity of making a decision to admit an applicant until after the applicant is admitted—that is, uniformly enabled to register for classes.

Online Display: The California Domestic Partner Rights and Responsibilities Act extends new rights, benefits, responsibilities and obligations to individuals in domestic partnerships registered with the California Secretary of State under Section 297 of the Family Code. **If you are in a Registered Domestic Partnership (RDP), or legal same sex marriage,**

2015 - 2016 BOG Fee Waiver Application

you will be treated as an Independent married student to determine eligibility for this Fee Waiver and will need to provide income and household information for your domestic partner. **If you are a dependent student and your parent is in a Registered Domestic Partnership, or legal same sex marriage,** you will be treated the same as a student with married parents and income and household information will be required for the parent's domestic partner. (These new provisions apply to state student financial aid only, not to federal student financial aid.)

BOG Eligibility Flag

<i>Data Name:</i>	elig_bogfw
<i>Description:</i>	Whether applicant is eligible for BOG fee waiver, and method (A and/or B) that determined eligibility.
<i>Last Revision:</i>	April 17, 2005
<i>MIS Correlation:</i>	None
<i>Data Type/Format:</i>	Character(1)
<i>Length:</i>	1
<i>Characteristics:</i>	Downloadable System-generated Hidden
<i>Input Rules:</i>	N/A
<i>Usage:</i>	Flags applicants who are eligible for waiver based on algorithm described in <i>Appendix A</i> .
<i>Notes/Constraints:</i>	
<i>Online Display:</i>	None
<i>Online Help:</i>	None

2015 - 2016 BOG Fee Waiver Application

Values - Labels: Blank/null [*internal default*]
A – Method A only
B – Method B only
M – Both Methods A and B
N – Not eligible

Confirmation – Parent/Guardian

Data Name: confirmation_parent_guardian

Description: Whether applicant’s parent or guardian confirms all information is true, etc.

Last Revision: April 17, 2005

MIS Correlation: None

Data Type/Format: Boolean

Length: 1

Characteristics: Downloadable

Input Rules: Required user response; else error message, “Applicant's parent or legal guardian: You must agree to the confirmation statement.”

Usage: Serves as signature of applicant’s parent/guardian attesting to the contents of the application.

Notes/Constraints: Included on application only if the BOG Dependency Flag is D (Dependent).

Online Display: **I, <applicant name>, agree to the following statement:**
Applications for dependent students must be signed by the parent or legal guardian as well as the applicant. Please have your parent or guardian sign below:
{checkbox} I, {textbox for name} , **am the parent or legal guardian of <applicant name> and agree to the following statement:**
I hereby swear or affirm, under penalty of perjury, that all information on this form is

0 – No

Appendix A: BOGFW Flag Algorithms

Dependency Status

The BOGFW Dependency Status (`dependency_status`) is set according to applicant responses indicating dependent or independent status. The field is used to determine whether the application will ask for financial information about the applicant or the applicant's parent(s).

```
If living_with_parents = "yes"  
then dependency_status = "D" (Dependent).
```

```
If born_before_23_year = "yes"  
or married_or_rdp = "yes"  
or us_veteran = "yes"  
or parents_deceased = "yes"  
or emancipated_minor = "yes"
```

or legal_guardianship = "yes"
or homeless_youth_school = "yes"
or homeless_youth_hud = "yes"
or homeless_youth_other = "yes"

then dependency_status = "I" (Independent);

else if dependent_on_parent_taxes = 0 or dependant_on_parent_taxes = 2

and living_with_parents = "no"

then dependency_status = "I" (Independent);

else dependency_status = "D" (Dependent)

Included/Excluded Questions

In many cases, whether a particular question will be asked depends on the setting of the Dependency Status. The algorithm for determining which questions will not be asked is given below. At download, data elements for unasked questions will be blank or null.

If dependency_status = I (Independent),

Do not ask:

Declared Dependent on Parent(s)' Taxes

Living with Parent(s)

Parent Receiving Assistance

2015 - 2016 BOG Fee Waiver Application

Persons in Household – Dependent

Adjusted Gross Income, Other Income, Total Income – Dependent

If dependency_status = D (Dependent),

Do not ask:

Persons in Household – Independent

Adjusted Gross Income, Other Income, Total Income – Independent

Eligibility Flag

For computation of the final BOGFW Eligibility Flag, two temporary/transitory flags are used to track the outcomes of Method A and Method B eligibilities separately and then to set the single final outcome for BOGFW Eligibility.

Method A Flag and Algorithm

Method A eligibility determination is based on Yes/No answers to questions about receiving benefits and about special eligibility circumstances.

```
If      tanf_calworks = "yes"  
        or ssi_ssp = "yes"  
        or general_assistance = "yes"  
        or parents_assistance = "yes"  
        or cert_veteran_affairs = "yes"  
        or cert_national_guard = "yes"  
        or cert_medal_honor = "yes"  
        or elig_sept_11 = "yes"  
        or elig_police_fire = "yes"  
  
then elig_method_a = "Yes";  
  
else elig_method_a = "No"
```

2015 - 2016 BOG Fee Waiver Application

Method B Flag, Algorithm, and Income Table

For Method B eligibility determination, an income table for the year of the BOG Waiver application is derived. (This table is internal, not displayed on the application form.) If the total income is over the cap for the number of persons in the household, the applicant is not eligible under Method B.

The **method_b_table** is an internally derived table using fields from the bogfw_year table. The calculation is based on which year the applicant selects. The calculation is as follows:

$$\text{maximum_income} = \text{method_b_income_baseline} + (\text{method_b_income_increment} * (\text{household_size} - 1))$$

Derived table for the **2014-2015** application year. The method_b_income_baseline = 17,235.

Household size	Maximum Income
1	\$17,235
2	\$23,265
3	\$29,295
4	\$35,325
5	\$41,355
6	\$47,385
7	\$53,415
8	\$59,445
method_b_increment	\$ 6,030

2015 - 2016 BOG Fee Waiver Application

Derived table for the **2015-2016** application year. The `method_b_income_baseline` = 17,505.

Household size	Maximum Income
1	\$17,505
2	\$23,595
3	\$29,685
4	\$35,775
5	\$41,865
6	\$47,385
7	\$54,045
8	\$60,135
method_b_increment	\$ 6,090

If dependency_status = "D" (Dependent),

 use dep_number_household for Household Size

 and dep_total_income for <total_income>

If BOG - Dependency = "I" (Independent)

 use ind_number_household for Household Size

 and ind_total_income for <total_income>

If <total_income> > Maximum Income for Household Size (from table)

then elig_method_b = "No";

else elig_method_b = "Yes" .

Computing the Final BOG Eligibility Flag

The algorithm for using the Method A Eligibility and Method B Eligibility Flags to compute the final BOG Eligibility Flag is as follows:

If applicant is found eligible for waiver by both Method A and Method B

 set elig_bogfw = "M" (Multiple Methods);

else, if found eligible by Method A only

 set elig_bogfw = "A" (Method A only);

else, if found eligible by Method B only

 set elig_bogfw = "B" (Method B only);

else (Method A Eligibility = "No" and Method B Eligibility = "No"),

 set elig_bogfw = "N" (Not Eligible).

Optional Responses

Whether responses to the questions appearing on the Eligibility Methods Page will be required or optional depends on the Temporary Eligibility A Flag. The algorithm for determining which questions will *not* require a response is shown below.

If any of the special eligibilities questions are Yes and Dependency Flag is D (Dependent),

Do not require responses to:

- Receiving TANF/CalWorks *
- Receiving SSI/SSP *
- Receiving General Assistance *
- Parent Receiving Assistance *
- Persons in Household – Dependent
- Adjusted Gross Income – Dependent
- Other Income – Dependent't
- Total Income – Dependent

If any of the special eligibilities questions are Yes and Dependency Flag is I (Independent),

Do not require responses to:

- Receiving TANF/CalWorks *
- Receiving SSI/SSP *
- Receiving General Assistance *
- Persons in Household – Independent
- Adjusted Gross Income – Independent

2015 - 2016 BOG Fee Waiver Application

Other Income – Independent

Total Income – Independent

** Responses are not required to these questions if responses on the Special Eligibilities Page set the temporary BOG Eligibility A flag to Yes.*
