AEBG MIS Reporting Reporting Issues

Reporting Issue 1: Positive Attendance Hours

For noncredit sections that are positive attendance hours (including open entry open exit):

- Ensure that contact hours are reported
- SX05 is populated for all students where there are enrollments in the sections
- All sections have an instructional method assigned (XB01)
- Recommend colleges review local MIS processes for noncredit sections at your college

History & Issues Positive Attendance Reporting

- 15% of noncredit sections from 2011/12 to 2015/16 are missing instructional methods
- Impacts tracking of enrollment, student progress, and FTES in the Launchbaord (and to legislature)
- Legislature specifically wants to see contact hours in reporting to better understand intensity of services students are receiving

Participation in ABE, ASE, and ESL

- Student participation in ABE, ASE, or ESL will be derived from CB22
- CB21 will only be used to distinguish ABE from ASE
- Levels will be based on a crosswalk of CB21 to the National Reporting System Educational Functioning Levels
- Recommend colleges review coding of all ABE, ASE, and ESL courses to ensure accurate counts

Preapprenticeship (DOL Quality Elements)

Diplomas and Equivalents

Diploma or equivalency completion –

- K12 programs: Will use data flags in TE for participants who complete their high school diploma or earn their high school equivalency
- College noncredit programs: Starting in 2018-19, will use data flags in MIS for participants who complete their high school diploma or earn their high school equivalency
- AEBG office: Will use a data match of the AEBG participant population with the data sets from the GED, HiSet, and TASC testing services to augment local reporting

Progress towards Diploma (New) – Participants who progress from Low ASE to High ASE or who complete 1 or more course that counts for a HS diploma in a reporting period (quarter)

Other CTE-Related Skills Gains

Occupational Skills Gain – Participants who achieve milestones in CTE programs, but who do not complete their credential or certificate because they obtain employment or realize a shorter-term goal related to occupational advancement. In 2017/18 AEBG will capture using appropriate box 9 TE milestone flags or noncredit CTE satisfactory course completion. AEBG is exploring other mechanisms to capture this in 2017/18.

Workforce Preparation Milestone – Participants who complete workforce preparation courses or certificates. This is an exploratory metric that AEBG will pull using TE program and milestone flags and completion of noncredit certificates using workforce preparation MIS flags.

Postsecondary Credential Completion

For K12 community college CTE programs - Completion of a credential that leads to employment in a clearly-defined occupation including, but not necessarily limited to:

- Locally approved certificates eligible for inclusion on the Eligible Training Provider List (ETPL)
- CDCP CTE certificates with more than 48 instructional contact hours
- Certificates that meet the minimum threshold for inclusion under Perkins
- Certificates that meet the threshold for Title IV federal student aid
- Workforce preparation (work readiness) or occupational safety certificates (e.g. OSHA or Safeserve) ARE NOT counted for completion under this metric

Completion of any degree or for credit certificate over 6 units

Employment

AEBG will capture employment and wage outcomes after exit for adult education students including:

- Percentage of exiters who were employed two quarters after exit
- Percentage of exiters who were employed four quarters after exit
- Median earnings two quarters after exit
- Percentage change in earnings after exit
- Percentage of exiters who attained the regional living wage
