User Group Objectives & Overview

Overview

- Different from an advisory committee
- MyPath user group will meet quarterly
 - Virtual meetings via Zoom
- Made up of various user stakeholders:
 - College staff and faculty (with ASCCC appointments)
 - Current and potential adopters
 - Technology experts including vendor partners
 - Chancellor's Office Representatives
 - Student Services
 - Digital Innovation and Infrastructure (DII)

How?

- Regular User Group meetings
- Webinar participation as presentation partners
- Sprint demos on specific features and functionality
 - Called separately as needed
- Providing feedback on local integration points and opportunities
 - Avoiding initiative fatigue

Objectives

- Provide a forum for reviewing in-progress and planned development efforts against user feedback received through implementation, adoption, and live use
- Develop features the field wants
 - Ongoing feedback opportunities
 - Prioritization of enhancement requests
- Develop features in a way that the field can implement them
- Capture and sequence ideas and requirements
- Refine items already in development
- All in support of student success initiatives

Demonstration & Roadmap Review

CCC MyPath Demonstration

- Mike to demonstrate CCC MyPath sample account
- Mike to demonstrate new user interface in CI environment if time allows

CCC MyPath Roadmap

Focus for remainder of FY 18/19:

- Deliver updated MyPath user interface
- Complete and deliver phase 1 Document Gathering Service
- Complete documentation of mobile services requirements
- Defect resolution & low-hanging fruit
