

Telecommunications and Technology Advisory Committee (TTAC) Charter

Adopted June 4, 2001, Revised November 6, 2003, Revised May, 2017

- I. Name: Telecommunications and Technology Advisory Committee (TTAC)
- II. Primary Functions
 - a. Advises the California Community Colleges Chancellor's Office on the continued development and deployment of telecommunications and educational technologies in the California Community Colleges.
 - b. Develops and recommends the vision, goals, and objectives related to telecommunications and educational technologies to the California Community Colleges Chancellor's Office in order to improve student achievement and achieve operational and emerging effectiveness.
 - c. Reviews projects for applicability to the community college mission, vision, and goals.
 - d. Provide advice on the development and implementation of:
 - i. The California Community Colleges system is guided by system priorities established by the Board of Governors. The Committee will identify technology priorities through the CCC Technology Plan, and review that plan on an annual basis as it guides the technological development in the California Community Colleges. The Committee will consider future applications and plans for; specifically, how the delivery of instruction and student services can be enhanced and how the system can develop its technological capacities.
 - ii. California Community Colleges Budget Change Proposals (BCP). The Committee will provide advice on resource allocations to support the Technology Plan. Methods of allocating resources will also be reviewed by the Committee.
 - iii. The Committee will provide advice related to technology projects, evaluation of technology projects, and areas for coordination with areas focused on teaching and learning, student support, and operational effectiveness. TTAC may recommend new pilot projects in areas related to learning and student services and/or enhance the efficiency and effectiveness of the California Community Colleges and the

- CCC System Technology Plan. Pilot projects outcomes will be reviewed by the Committee.
- iv. Based upon recommendations from the Systemwide Architecture Committee (SAC), TTAC will provide advice regarding general industry standards and technical guidelines for hardware/software, technology related services, accessibility standards, and information security to ensure a level of interoperability. TTAC will approve technical standards and recommend effective practices for use in systemwide projects. 
 - v. Provide advice to California Community College Chancellor's Office related to intersegmental project governance. In addition, foster the California Community Colleges involvement with intersegmental (UC, CSU, Private Colleges and Universities, and K-12) technology initiatives.
 - vi. Involve the Vendor Community in identifying solutions to systemwide technology issues. Recommend approaches to be considered by the Foundation for California Community Colleges, including the procurement of vendor products to be considered by the Foundation for California Community Colleges.
 - vii. TTAC collaborates with other appropriate Chancellor's Office advisory committees, including project steering committees, in the development and implementation of related goals, objectives and activities including the DEETAC (Distance Education and Educational Technology Advisory Committee) and SAC (Systemwide Architectural Committee). 

COMMITTEE MEMBERSHIP AND TERMS

The committee is chaired by two co-chairs – one ASCCC representative and one CEOCCC representative. The co-chairs will preside at all meetings and work in cooperation with Chancellor's Office staff to determine the agenda, define annual goals, and develop a succinct annual report.
