Hi Omid and Patty,

Omid, per our discussion at the airport in Sac, I'd be happy to set up a demonstration of the articulation and discuss "optimal flow."

Copying you, Patty, as I think probably makes sense for you to be part of that conversation and perhaps we can also do a quick review of the pre-population proposal so you guys have enough information to think about if and when to sequence it.

If possible, my team would also love to see a demo of how colleges define their "meta majors" on CCCApply. As we think about longer term mapping of college and career planning data from CaliforniaColleges.edu it will help to concretize our understanding.

I suspect the whole agenda I'm proposing is 30-45 minutes. Omid, perhaps we can start with your schedule, since it's probably the most impacted.

Thanks,

Tess

Tess,

Thanks for following up on this discussion. I seem to have the most flexibility on my schedule for June 7<sup>th</sup>. So if that day works, please propose a couple of time slots.

Thanks

Omid.

Thanks Tessa. I am on board for the 7th of June.

I will come prepared to discuss/demo the meta majors setup as well.

Thank you!  
Patty
